## D.A.R.E. Officers Undergo a Rigorous 80-hour Training Course

- Multiple studies have identified D.A.R.E.'s use of law enforcement officers to deliver its evidence and science-based curricula as the critical distinction that sets it above all other prevention education programs.
- D.A.R.E. officers receive an intensive 80 hour training course conducted by highly skilled mentors with many years of experience in the classroom, as well as university-level educators. All officers are taught to deliver the curricula exactly as they are written, thereby achieving the goal of nearly 100% implementation fidelity.
